

MCRSP LIFELINE

4th Edition
Volume 5

June 2024

APPLY TODAY

MCRSP is excited to announce an opportunity to join our team as an Assistant Housing Director. In this role, you will assist our Housing Director with NARR accreditation for recovery housing providers, both in and out of state. You will ensure homes comply with NARR standards, meet compliance requirements, provide guidance on resident care, and oversee data collection and reporting processes. Additional responsibilities include staying current with regulatory requirements for Recovery Housing

Identifying gaps in policies and standards as it relates to the Department of Mental Health and NARR guidelines. Conduct inspections and renewal accreditations for Recovery Housing and assist the providers with action plans on identified findings. Coordinate and schedule accreditation reviews. Actively work as a team member with MCRSP staff.

We are seeking someone who delivers results with integrity, is passionate about their job, and enjoys helping others succeed. Travel is expected.

NARR TRAINING MODULES

Thanks to the generous support and funding from the Missouri Department of Mental Health, the National Alliance for Recovery Residences (NARR) is offering free training modules to residents of Missouri. These modules, available to both individuals and organizations, provide essential knowledge on recovery housing best practices. While organizations can register multiple participants, each individual must create their own account to access the training.

Each module covers topics such as recovery housing best practices, the social model of recovery, and NARR recovery housing standards 3.0, helping you develop printable policies and procedures for your housing program. These modules are valuable resources whether you're seeking accreditation or considering becoming a recovery housing provider.

RELIAS TRAININGS

Relias, a trusted learning platform for providers, continues to be a valuable resource available at no cost to affiliates of the Missouri Coalition of Recovery Support Providers. This initiative underscores MCRSP's commitment to empowering providers in the recovery support sector through accessible and comprehensive educational tools. Organizations interested in accessing Relias can register through MCRSP. For more information, please contact us directly.

MINI-GRANTS

We are pleased to announce that we have renewed our funding for the new fiscal year. The Missouri Coalition of Recovery Support Providers receives \$30,000 annually from the Missouri Department of Mental Health to support community organizations in hosting local events that raise awareness about substance use, breaking the stigma, and connecting individuals to local resources.

We are delighted to share our recent participation at the Community Block Party event, hosted by First Assembly Church - Ferguson Campus on June 22nd.

As a vendor, the Missouri Coalition of Recovery Support Providers had the opportunity to engage with attendees and spread awareness about our mission to families seeking information about recovery resources.

The event featured free food, inflatables, face painting, balloon animals, and yard games, creating a vibrant atmosphere for all attendees.

We were heartened by the community's enthusiasm and their eagerness to explore the resources available to support individuals and families on their recovery journeys.

We extend our sincere thanks to everyone who visited our booth and expressed interest in our initiatives. Your support inspires us to continue our efforts in providing vital services and advocacy within our community.

MINI GRANT AWARDS

MCRSP is pleased to highlight the success of the Park Day BBQ Event, funded through our mini-grant program. This event took place on June 29th and was a collaborative effort hosted by Springfield Recovery Community Center and Better Life in Recovery, aimed at providing individuals in recovery with a safe and supportive environment filled with substance-free activities.

The Park Day BBQ Event exemplified the power of community-driven initiatives in promoting sustained recovery and well-being.
