Initial Accreditation Process:

An application must be completed and submitted via the MCRSP website portal (mcrsp.org). Upon receipt of the application, the MCRSP Housing Director will:

- Review the application.
- Provide notification of receipt of application and, if needed, request missing information, or need for clarification on application

A detailed review of the self-assessment checklist must be completed with the applicant contact. The purpose of this review is to ensure the applicant is prepared for the on-site visit.

Upon the application approval:

- A. MCRSP will select a Lead Reviewer and a Co-Reviewer and schedule an onsite visit.
- B. The review team will complete a review within 30 days of receipt of the application packet.

The reviewers will be an individual that is trained as a Peer Reviewer. When a delay in completing a timely review may occur, MCRSP staff may serve in both reviewer positions.

Upon completion of the onsite, the applicant for MCRSP accreditation will be allowed up to Ninety (90) days to address identified deficiencies and areas to improve.

Upon completion of the initial application and the onsite visit processes, the MCRSP Housing Director will submit the completed Board Approval form and the Accreditation and Recommendation Report

with a recommendation of accreditation or provisional accreditation (see below) to the MCRSP Board Chair and Housing Task Force Chair. At that time, the MCRSP Board Chair and Housing Task Force Chair will determine the organization's accreditation status within two weeks of receipt.

Upon accreditation approval the organization will receive notification and an accreditation certificate signed by the MCRSP Board Chair and Housing Task Force Chair.

Provisional Accreditation:

Provisional accreditation status may be recommended and approved if the criteria outlined below are met. A MCRSP recovery residence provisional accreditation is temporary, and a conditional status based on one of the following conditions:

- A. A recovery residence fails to demonstrate full compliance with a standard(s) in an area that upon correction may require a period of time to demonstrate and ensure compliance with the standard(s).
- B. A recovery house that has not accepted residents but the plans, policies, house structure and physical environment, if fully implemented as proposed, would demonstrate the ability to meet the full standards for accreditation.

All provisional accreditations will have a follow-up onsite visit within six (6) months to determine if full compliance in the area(s) identified has been remedied and warrant full accreditation.

An onsite visit report will be prepared by MCRSP Reviewers and submitted to the MCRSP Board Chair, Housing Task Force Chair, and the MCRSP Executive Director. Based on the recommendation of this report, the MCRSP Board Chair and Housing Task Force Chair will make a final determination which may include the removal of the provisional status to full accreditation, or suspension, cancellation, or revocation of the accreditation.

The organization can appeal the decision from the MCRSP Board Chair and Housing Task Force Chair. The organization must outline their reasons for the appeal in writing to the MCRSP Executive Director within 14 days. The MCRSP Executive Director will present the appeal to the MCRSP Executive Committee of the Board. The MCRSP Executive Committee of the Board is final.

Renewal Accreditation Procedure:

MCRSP accredited recovery residences will renew their accreditation every two years by completing the following items, prior to the expiration date.

- Completed application.
- Assurances form completed and signed.
- Legal Business entity documentation.
- Commercial liability insurance document (preference is a Certificate of Liability Insurance with the property address shown as covered and MCRSP is shown as a holder)
- The MCRSP Accreditation and Compliance Agreement must be signed at each renewal.
- The MCRSP Code of Ethics must be signed by all staff members and significant volunteers at the time of renewal.
- The MCRSP Grievance Policy must be signed by the housing operator at the time of renewal.
- Self-assessment checklist: Documents submitted with the original application for accreditation that have not changed do not need to be resubmitted. If any policies have changed since initial accreditation, those policies must be submitted.

Onsite Visit:

The onsite visit will be a key component of the initial application, provisional accreditation and renewal accreditation conducted by the MCRSP reviewers. The onsite visit will include a full property inspection and a review of resident files to ensure compliance with the NARR Standards.

The process for renewals is the same as the initial accreditation process as outlined above.
